Kimbe Bay – Papua New Guinea

WALINDI PLANTATION RESORT

Special Group Departure

Kimbe Bay is located on the north coast of the island of New Britain.

Kimbe Bay is a world-renowned scuba diving hotspot, supporting an incredibly diverse marine habitat - coral reefs, mangroves, seagrasses, deep ocean waters and seamounts. Over 900 species of fish have been identified here and the bay is home to 76% of the world's coral species.

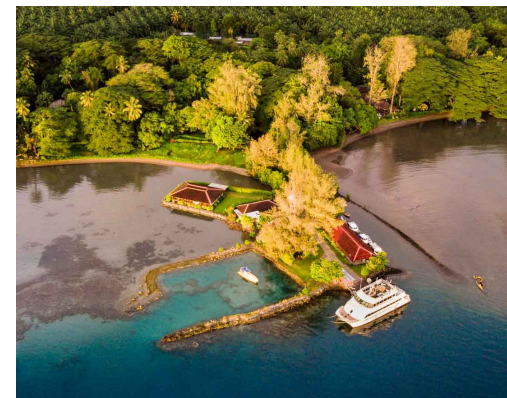

Whales, dolphins and sharks feed and breed in the bay's waters. World famous dives sites like South Emma, South Bay, Inglis Shoal, North Emma, Christine's, Susan's, and Restorf Island are only a few of the more than 200 reefs and dive sites sprinkled throughout Kimbe Bay.

Walindi Plantation Resort is an intimate dive resort that has been welcoming scuba divers since 1983. After a 90 minute plane ride from Port Moresby, followed by a 50 minute drive from Hoskins Airport, you will arrive at Walindi Plantation Resort. Surrounded by tropical rainforest and picturesque views of Kimbe Bay, it's the perfect location to begin your dive adventure.

Walindi Resort has two types of accommodation, Bungalows and Plantation House Rooms. The Bungalows are located along the beachfront and have beautiful water views. All bungalows are free-standing 'bures' with ensuite bathroom, ceiling fans (no air-conditioning), tea and coffee making facilities and a small fridge.

The Plantation House Rooms are slightly smaller, but have all the same features as the bungalows. These rooms are built in a block of four sharing a common verandah and have garden views.

The resort features a large common area for al fresco and indoor dining, swimming pool, bar and souvenir shop. It's the perfect place to settle in and relax after a day of diving!
