* Carry your passport and visa with you at all times.

* Be mindful of and respect the local religious and cultural traditions. Cover any Buddha tattoos. Dress modestly. Don't wear shorts or sleeveless tops. Always take off your shoes and sox before entering religious sites. Same-sex relations and adultery are illegal.

* Curfews are in place across Myanmar. Check movement restrictions with local authorities.

MONEY MATTERS

The local currency is the Myanmar Kyat (MMK).

Myanmar is predominantly a cash based society. Even though credit and debit cards are increasingly accepted with a fee in major tourist areas some cards do not work. Check first before travel with your hotel, restaurant, tour operator as many businesses will not accept international cards eg. Mastercard, Visa or American Express.

Check with your bank before travelling to confirm if your debit, credit or ATM cards will work to withdraw cash or make payments in Myanmar.

Cash may be difficult to access. ATM's are often out of operation. Daily and weekly limits apply on cash withdrawals. Only some ATM's may accept international cards.

US Dollars is the best form of currency to take to Myanmar as it is the most widely accepted foreign currency to exchange. Take enough US Dollars to last throughout the duration of your stay in Myanmar. Notes should be in pristine condition with no marks, folds or tears. A limited number of shops and businesses accept US dollars as payment. Notes produced prior to 2006 won't be accepted.
