Solomon Islands - Solomons Master WWII WRECK EXPEDITION

Special Group Departure

The Solomon Islands is an exotic wonderland of varied landscapes, rich in cultural and biological diversity. Travellers will enjoy unique experiences and adventures.

The Solomons comprise 992 islands, less than 50% of which are inhabited. Situated within the Coral Triangle to the northeast of Australia and southeast of Papua New Guinea, the Solomon Islands are one of the last frontiers; untouched, peaceful and beautiful. Due to its remote location, the country offers some of the most pristine dive sites in the world. Join us aboard the Solomons Master for WWII Wreck Week.

The WWII Wreck Week itinerary allows up to 22 dives exploring some of the best wrecks of the Florida Islands, Russell Islands, Iron Bottom Sound and around Guadalcanal. The wrecks you visit are within recreational limits and to ensure that you fully explore the dive site, several dives are often scheduled, allowing guests the opportunity to fully explore them. The numerous WWII wrecks in the area are in various conditions with some wrecks being fully intact, while others are in pieces, or completely blown apart due to the damage suffered in battle. Although the sites covered are all within recreational limits, many lay at the boundaries of those depth limits. Therefore, bottom times may be limited by your experience or certification.

During this 7 night itinerary you will also have the opportunity to go ashore and visit some of the land based areas that were occupied by both the Japanese and Allied Forces during WWII. Also chance to do some reef dives.

Solomons Master SOLOMON ISLANDS

The steel-hulled Solomons Master (formerly Truk Master) boasts eight double occupancy cabins providing comfortable accommodation for up to 16 guests with a choice of classic, premium or superior cabins. Each cabin benefits from private, en-suite bathroom facilities and individually controlled air-conditioning.

The dive deck on Solomons Master is large and spacious with individual set-up stations, under-bench storage and a platform at the rear complete with a deco bar. The boat is fully equipped to cater for recreational, technical and rebreather divers.

The main deck houses a spacious indoor dining room as well as a camera station complete with numerous charging points and storage space. After a fantastic day of diving, unwind and relax in Solomons Master's indoor lounge and bar area which is equipped with a plasma screen ideal for watching a movie or photo viewing.

Alternatively, head out to the shaded relaxation area or the large sundeck on the upper deck and sink into a lounge chair to soak up the atmosphere and stunning views.
